Earth Day Update! Thank you to all the families that made an effort to prepare a litter-less lunch for your child. I know it must have created a little more work for you and your child when making the lunch. After **reducing** the amount of single use plastics, **composting** all biodegradable in our vermicomposter and lastly, **recycling** all we could, it is amazing at how little garbage 19 of us threw out yesterday! We've been focusing on stepping out of "convenient" for the sake of God's creation this week and have seen how challenging, yet possible, it is. Check out Seesaw to see a pic of 3B picking up litter along Sutton. The students worked very hard and the area looks so much better now!
